THE NEWSLETTER OF STARS (SOUTHTOWNS AMATEUR RADIO SOCIETY)

NOVEMBER 2010

VOL 44 Issue 3

JACK CULLUM, KB2ESM, SK

On October 15, 2010, Jack Cullum passed away with his family at his side after a courageous battle with cancer.

Jack joined STARS in August of 1987. In 1991 he was elected Treasurer—a position he continued to hold for the next 20 years! In 2002, he was honored as a Life Member of STARS.

Jack was an Army veteran serving during the Korean War. In addition to STARS, he was a member of the Father Baker Knights of Columbus and American Legion Post 567.

Farewell Friend!

NOVEMBER MEETING

This month's club meeting will begin at 7:00 PM on Thursday November 4 at the NIKE Base Clubhouse. All interested in amateur radio are invited to attend. Neither club membership nor an amateur radio license is required.

Club elections will take place. Come out and be counted!

We look forward to seeing you there.

2010 CLUB ELECTIONS

At the October club meeting, the following individuals were nominated for 2010 officers and directors:

President: Wayne Carpus W2ZDP
Vice President: Scott Barto KB2KOL
Treasurer: Don Nile K2PMC
Secretary: Keith Patterson KC2DGC
Financial Secretary: Anne Fanelli WI2G
Director (2-yr term): Jon Hall KC2QKB

In addition to these nominated candidates, there will be lines for write-in votes on the ballot. People interested in being a write-in candidate may announce this prior to the election.

Please come and be heard at the November meeting!

HAPPY NOVEMBER BIRTHDAY!

Pat Murray NW2I
Ray Koepfel KC2EZP
John Morrow KC2TXV

FROM BEHIND THE GAVEL:

President Wayne, W2ZDP

As I have often stated, both here and at meetings, I have operated under two premises during my year as President of our club. First, this is your club, not just mine, I am only one voice, and majority rule is what guides the course that we follow. Second, I want to see our club move forward and be one of, if not the best radio club in the area.

In order to accomplish these goals, the Board of Directors and myself need input from the general membership. What direction to take, what projects to undertake. Presently we are faced with making a decision that will affect the entire membership. As you all know by now, our tower was destroyed a few months ago, and so the question, do we replace the tower, or just hang whatever wire antennas we can to keep our club station on the air.

A few members stepped forward and pooled some financial resources to obtain a replacement tower at no cost to the club. That was a first step. But... there will be costs to erect the tower that the club will have to pay, the concrete base being the most costly, somewhere in the area of \$1500.00 depending on how much we use. The tower committee is exploring various avenues to keep the costs down, but there will be a cost. So... what do we do ?? Move ahead and restore the wonderful resource that our club station was and could be again and better than it was OR... Do we pull in our collective horns and just make do with what we have left.

Many members have strong feelings on both sides of the coin, what is YOURS ?? The members attending the meetings will have their voices heard and be able to vote on the direction we take, but lately we have only 18 or 20 members present at meetings including the Board of Directors. The decision that will have to be made in the near but not immediate future, will affect the club for years to come. For your voice to

be heard effectively, members need to attend meetings. We need YOUR input on this important issue. You can contact me, or any of the other members of the board, with your views by E-Mail, or Snail-Mail, or call us on the telephone, just look us up in the club roster, but attending meetings is your best avenue to be heard.

I don't generally write such a lengthy article, but this is an important issue, and every weigh-in with his or her view, the future course of the club is at stake, and a sound decision needs to be made.

2010 CLUB OFFICERS

President:	Wayne Carpus W2ZDP
Vice President:	Scott Barto KB2KOL
Treasurer:	Jack Cullum KB2ESM
Secretary:	Keith Patterson KC2DGC
Financial Secretary:	Judy Levan N2TEZ
Director:	Ken Pokigo KC2AYK
Director:	John Crawford KB2VWC

Clubhouse Chair:	Don Niles K2PMC
Telstar Editor:	Judy Levan N2TEZ
Webmaster:	Marc Fruth N2UBT

UPCOMING MEETING DATES

With the upcoming holidays, here are some meeting dates to note:

November 4 Regular Club Meeting 7PM
NIKE Base

November 18 Board Meeting 7:30PM
NIKE Base

December 2 Regular Club Meeting—Holiday Party
7PM Hamburg Youth Center

No Board meeting scheduled in December.

January 6 Regular Club Meeting 7PM
NIKE Base

DUES INCREASE

At the October STARS Board Meeting, the Board of Directors voted to increase the annual dues of STARS individual membership from \$21 to \$24. While we all hate to see cost rise, the current \$21 fee has been in effect since 1996—it's the first dues increase in fifteen years. The increase will be effective January 1st, 2011.

TIME TO RENEW!

It's time to renew your STARS membership. A 2011 renewal form is included on the last page. If you pay your dues before January 1st, it's only \$21 for individual membership—after January 1st the price rises to \$24.

So don't delay—take the time right now to complete the form and mail it along with your dues to:

Judy Levan N2TEZ
120 University Blvd.
Depew, NY 14043-2974

Are you still receiving a paper copy of the Telstar? Why not consider getting it by email. You'll receive all the latest news about STARS faster. The Telstar is posted to the web, emailed, and dropped in the mailbox the same day. In addition, you'll be helping out the club by saving us costs of printing and postage.

STARS continues to be one of the largest amateur radio clubs in the Buffalo/Niagara Falls area, but we need each of you to help keep us great. Won't you do your part by renewing your membership today?

CLUB MEETINGS

Club meetings are held on the first Thursday of the month at 7:00PM at either the Hamburg Youth Center (Prospect and Hawkins Avenues) or the NIKE Base Clubhouse. Everyone is welcome. Board meetings are held on the fourth Thursday of the month at the Nike Base Club Station at 7:30PM and are open to all club members.

VE SESSION

STARS will be holding a VE Test Session on Saturday November 20th. The session will be held at the Hamburg Youth Center (corner of Prospect and Hawkins Aves.)

All candidates should arrive by 9AM. Walk-ins will be allowed, but pre-registering will help speed up the processing the day of the test.

All candidates should bring the following to the test session:

1. An original photo ID or two other original forms of ID, plus a photocopy of the ID(s) to be turned in to the examiners for their records.
2. Your current amateur radio license (if any) plus a photocopy of it.
3. The original copies of any applicable Certificate of Successful Completion of Examination (CSCE) plus a photocopy of each.
4. A test fee of \$15.00
5. Your Social Security Number (SSN) or your FCC Federal Registration Number (FRN). Your application for a new or upgraded amateur radio license will be rejected by the FCC if you do not provide one of these numbers.

For more information, or to register for the test, contact John Crawford KB2VWC 649-5933.

CLUB NETS

STARS club nets are open to all to exchange information on local amateur radio activities.

STARS WB2EZU Memorial HF net meets at 10AM local time on Saturdays on 3.925 MHz +/- QRM. Bob Lehning WA2YSJ is usually the net controller.

STARS Sunday morning RagChew Net at 9:30AM on 28.380 Mhz.

EARTH DAY AT THE PENN DIXIE SITE

STARS took part in celebrating Earth Science Day at the Penn Dixie Site on Saturday October 9th. The event introduces kids to the earth sciences and provides and opportunity to learn first-hand what earth scientists do and the importance of earth sciences to society.

STARS members Wayne W2ZDP, Keith KC2DGC, Scott KB2KOL and Tom KA2NXY manned the exhibit. With a steady stream of interested kids and adults they spent the morning and early afternoon talking about amateur radio and just what we do.

Our exhibit consisted of radios (of course), a static display about amateur radio and our club, and pamphlets about amateur radio, STARS and the ARRL.

CONGRATULATIONS...

are going out to the Seneca Nation of Indians for the 6 new technician's and 1 general class licensed radio operators. I think this may be a first in the USA, as I can not find any other tribe that has done this!. (Auxiliary Emergency Medical Communication's Project)

The following are now hams and honorary members of STARS:

David Bova KC2ZGG

Ronald Jamison KC2ZGF

Steven Tome KC2ZGA

Louise Bryant KC2ZGB

Michael Gates KC2ZGC

Karen Isaman KC2ZGD /AG

Denise Mohawk KC2ZGE

They became active in the FCC Database on 10/15/2010. We have 2 more testing in a week or so and hopefully more after that!. Again congratulations and happy hamming to all of the above and all the members of STARS club instruction team (Ed N2ING, Jack KB2ESM, Keith KC2DGC, Tom KA2NXY, the VE Team and all the club members) that helped this happen. We hope to submit a future article for the Telstar that will document the complete story of how this went from a wishful idea to a real success.

—Bob (KA2WYE) Koster

NY JUDGE DECLARES AMATEUR RADIO IS NOT A CELL PHONE

In many states and localities, it is illegal to talk on a cell phone (without a hands-free device) while behind the wheel -- doing so can result in a ticket and possibly a large fine. But on May 30, 2010, when a New York ham was talking on his mobile rig, he didn't think he was doing anything wrong. Except that the officer who pulled him over and cited him with a \$100 fine didn't quite see it that way.

Steve Bozak, WB2IQU, of Clifton Park, told the ARRL that when he was pulled over while driving to Troy -- about 16 miles away -- he assured the officer that he was not speaking on a cell phone, but on his handheld transceiver. But according to Bozak, the officer said "it was all the same to him." So Bozak decided to fight the ticket in court.

"Honestly, it's not the fine or the ticket, but that all the other hams who use mobile radios have to hide the fact we are mobile in Troy," he told the ARRL just days after he was cited. "I will do my best to settle this politely and correctly, for all of the ham community. So I will follow the course and have my day in court, to 'tell it to the judge.' This matter affects 38,000 hams in New York State."

Unfortunately, when Bozak had his day in court for a pre-trial conference, the prosecutor refused to dismiss

the case. But he didn't give up and took his case to City Court where, on September 8, where at the request of Bozak's attorney - ARRL Volunteer Counsel (VC) Jeremy Rase, KC2JRD -- the judge dismissed the case in Bozak's favor. Bozak argued that his use "of a handheld Amateur Radio does not fit the definition of a mobile telephone, and as such, the present charge should be dismissed." The prosecutor's office did not submit a response in opposition. Saying that New York's Vehicle and Traffic Law defines a "Mobile Telephone" as a "device used by subscribers and other users of wireless telephone service to access such service," and that a "Wireless Telephone Service" is defined as "two-way real time voice telecommunications service that is interconnected to a public switched telephone network and is provided by a commercial mobile radio service," the judge decided that Bozak's handheld transceiver did not fit that description.

"A review of 47 C.F.R. §20.3 reveals that Citizens Band Radio Service is defined under private mobile radio service not commercial mobile radio service," the decision read. "Therefore, the Court finds that the use of an Amateur Radio device does not fit the definition of a mobile telephone as defined under the Vehicle and Traffic Law." As such, the judge dismissed the case in Bozak's favor. "While the court cited the Citizens Band Service instead of the Amateur Radio Service, the ruling is very favorable to amateurs on the precise point of law raised," said ARRL Regulatory Information Manager Dan Henderson, N1ND. "The principle of law is spot on. This is a great ruling in New York and exactly what we had thought would happen."

ARRL DXCC NEWS: FOUR NEW ENTITIES PLACED ON DXCC LIST

With the dissolution of the Netherlands Antilles on October 10, two now-deleted DXCC entities are now four new DXCC entities, effective October 10, 2010. The island pair of Bonaire and Curaçao (PJ2 and PJ4, the Leeward Islands) and the three-island group of Sint Maarten, Saba and St Eustatius (PJ5, PJ6 and PJ7, the Windward Islands) have been deleted from the DXCC list of active entities and replaced with four new entities. Not since the aftermath of World War II -- with so many new European entities -- and the break-up of the French colonies in Africa in the early 1960s -- have so many new DXCC entities come into existence all at once.

On October 10, the US Department of State recognized the dissolution of the Netherlands Antilles, placing the new entities on its Dependencies and Areas of Special Sovereignty List, saying that "Curaçao and Sint Maarten (the Dutch two-fifths of the island of Saint Martin) became autonomous territories of the Kingdom of the Netherlands. Bonaire, Saba, and

St Eustatius now fall under the direct administration of the Netherlands."

According to the [DXCC rules](#), entities may be added or removed from the [DXCC List](#) as a result of political or geographic change. These new entities qualified to be listed on the DXCC List under Section 2, Rule 1(b) of the DXCC rules: "The entity contains a permanent population, is administered by a local government and is located at least 800 km from its parent. To satisfy the 'permanent population' and 'administered by a local government' criteria of this sub-section, an Entity must be listed on either (a) the US Department of State's list of 'Dependencies and Areas of Special Sovereignty' as having a local 'Administrative Center,' or (b) the United Nations list of 'Non-Self-Governing Territories.'"

With so many DXCC entities all coming into being at the same time, many amateurs made their way to Curaçao (PJ2T, PJ2/OH1VR, PJ2/PB2T, PJ2A and PJ2MI), Sint Maarten (PJ7E, PJ7MF), Bonaire (PJ4B, PJ4D, PJ4I, PJ4LS and PJ4W), Saba (PJ6A) and St Eustatius (PJ5/AA4NC, PJ5/AH6HY and PJ5/K1XM) to put these new ones on the air. Beginning at 0400 UTC on October 10, the airwaves were filled with those looking to snag these new entities; just days after the entities became "live," stations on the islands had made more than 15,000 QSOs on SSB and CW.

Per the ARRL DXCC Desk, no confirmations for these new entities will be accepted until after January 1, 2011; other administrative changes will be announced as they are finalized. Look for more information on the ARRL Web site, in upcoming editions of The ARRL Letter and in the December 2010 issue of QST.
