THE VIEW FROM BEHIND THE GAVEL

As you are reading this, the Holidays have come and gone and I hope that Santa was good to all of you, as He was to me. Now... as we sit inside our warm Bungalow's, peering out at

the cold and the snow, it is difficult to imagine that in a few short months, it will be time again to begin antenna projects or repairs. We will need some helpful hands at the clubhouse to prepare our replacement tower for erection, scraping and painting mostly, no real hard work, but necessary work.

Also in the not to distant future, Field Day is coming and we need a Chairman and a committee to start making preparations for our most important event. If you think these activities are a long way off, just think of how fast the Holiday Season got here!

There are changes coming in the new year, some are anticipated, like the tower project, but some may blind side us, we sure didn't expect our old tower to come crashing down. The help of the membership will be needed to keep our club moving into the future, please help out on a committee or at a work party when asked, if you can.

I hope to all of you at the coming meetings, bring a friend, new faces are always welcome or encourage a fellow club member who hasn't made a meeting in a while, to attend and renew old friendships, the more, the merrier.

> 73's, Good Luck and Good DX Wayne, W2ZDP

STARS has been designated a Special Service Club by the ARRL.

VE SESSION

STARS will be holding a VE Test Session on Saturday January 15th. The session will be held at the Hamburg Youth Center (corner of Prospect and Hawkins Aves.)

All candidates should arrive by 9AM. Walk-ins will be allowed, but pre-registering will help speed up the processing the day of the test.

All candidates should bring the following to the test session:

- An original photo ID or two other original forms of ID, plus a photocopy of the ID(s) to be turned in to the examiners for their records.
- Your current amateur radio license (if any) plus a photocopy of it.
- 3. The original copies of any applicable Certificate of Successful Completion of Examination (CSCE) plus a photocopy of each.
- 4. A test fee of \$15.00
- Your Social Security Number (SSN) or your FCC Federal Registration Number (FRN). Your application for a new or upgraded amateur radio license will be rejected by the FCC if you do not provide one of these numbers.

For more information, or to register for the test, contact John Crawford KB2VWC 649-5933.

WESTERN NEW YORK ARRL SECTION APPOINTMENTS

Stephen Ryan, Western New York Section Manager

I am pleased to announce the following appointments for the Western New York Section:

Andy O'Brien-K3UK of Fredonia, NY as the new Emergency Coordinator for Chautauqua County. Andy is well know for his experience and expertise in our county and will be an asset to us.

Ken Vossler-KG2CU of Jamestown, NY as Assistant Section Manager for Education and shared knowledge. Ken is a retired principal and very active in our local Amateur Radio Club, holding the same position.

Diane Ryan-KC2SOA of Ashville, NY., as the new Assistant to the Section Manager. Diane qualifies because she is my wonderful wife and you will be glad she's there, since she remembers where and when I'm supposed to be along with ensuring I follow up your requests.

Please join with me in congratulating these fine Hams and their willingness to serve all of us.

THE KING OF DIGITAL CON-TESTING IS HERE!

Start 2011 with one of the most enjoyable contests on the calendar: The ARRL RTTY Roundup, January 8 and 9. The goal is simple: make as many contacts as possible! While any digital mode can be used in during the Roundup (including PSK31), radio teletype, better known as RTTY, is the undisputed king of this event. You won't need to shout into a microphone or master high-speed CW to participate. If you can type - even slowly - on a computer keyboard, you're more than qualified to try the RTTY Roundup.

From a hardware and software standpoint, you'll need the following:

- --An HF SSB transceiver
- --A computer

--An interface to pass the audio and keying signals back and forth between the computer and the radio.

--Contest software with RTTY capability, or just a stand-alone RTTY program.

The contest kicks off at 1800 UTC on Saturday and ends at 2400 UTC Sunday.

During the daylight hours you'll find most of the Roundup action between 14.075 and 14.120 MHz. But don't neglect 15 meters (between roughly 21.075 to 21.110 MHz) or 10 meters below about 28.100 MHz. If propagation is favorable, these bands could be hot. As night falls, shift your attention to 40 meters between 7.040 and 7.100 MHz as well as 80 meters between 3.570 and 3.600 MHz.

You do not have to be a "big gun" station to have fun in the RTTY Roundup. Every contact counts as a point, so even the big guns are more than happy to add your call sign to their logs. In the space of 24 hours you'll work DX and possibly gather contacts with enough US States to qualify for a Worked All States award. Best of all, you'll be able to look back through your log and see how your station performed as propagation conditions changed, or as you tried a different antenna (contests are terrific for testing station performance). The RTTY Roundup is "family friendly," too. If you're a casual contester, you can start and stop at any time. And if you're operating late at night, slip on a pair of headphones and enjoy the music of RTTY. Your loved ones will drift off to sleep hearing nothing more than the soft patter of keyboard keys.

NEW QUICKSTATS POLL NOW AVAILABLE ON ARRL WEB SITE

Four new poll questions have been published on the <u>QuickStats page</u> (<u>http://www.arrl.org/quickstats</u>) on the ARRL Web site. Let your voice be heard!

Questions in this month's QuickStats poll include:

- Do you use CW on a regular basis?
- If your out-of-warranty transceiver failed, what would you do?
- Do you own a tablet computer?
- Does your ARES[®] group use the ARRL Public Service Activity Report form to document SKYWARN activity?

Visit the <u>QuickStats page</u> and be sure to bookmark it in your browser. Results from this QuickStats poll will be published in the March 2011 issue of QST on the QuickStats page, located in the rear advertising section of the magazine. Along with monthly poll results, QST QuickStats offers colorful charts and graphs that highlight interesting Amateur Radio statistics.
