THE MONTHLY NEWSLETTER OF STARS (SOUTHTOWNS AMATEUR RADIO SOCIETY)

ISSUE 298

OCTOBER 2006

Terry Rockhold K200 Silent Key

It is with heavy hearts that we send out this abbreviated version of the Telstar as we have learned of the death of Terry Rockhold K200.

Terry was a Past-President and lifetime member of STARS. He has been the editor of the Telstar for many years. He ran our club VE sessions. But more important than all the things he did for STARS, he was a mentor and friend who will be greatly missed. We have lost a vital member of our club.

But the loss is not just to STARS. Terry will be missed by the entire western New York ham community as he was active an active participant in several other clubs in the area and a familiar voice on numerous area repeaters.

In the coming months we will all realize how much Terry did for us.

Terry is survived by a sister and niece in California. At the time of this writing, final arrangements have not been made.

~STARS Board of Directors

October Meeting

This month's club meeting will begin at 7:00PM on Thursday, October 5 at the Hamburg Youth Center (corner of Prospect and Hawkins Aves.) All interested in amateur radio are invited to attend; neither club membership nor an amateur radio license is required.

On the agenda...nominations of officers.

At the September meeting, the membership voted that officers will be granted honorary membership during their terms. Why not save yourself some money and help out the club at the same time!

There will also be a mini-flea market. The club will be selling surplus equipment (radios, antennas, computer equipment, etc) that was donated to the club or was cleaned up from the NIKE Base.

Why not join us. We can sit around and share our memories of Terry!
